

# ASSBI/INS 4<sup>th</sup> Pacific Rim Conference – The Social Brain

34<sup>th</sup> ASSBI Annual Brain Impairment Conference

Wednesday 6<sup>th</sup> – Saturday 9<sup>th</sup> July 2011

## **MARKETING OPPORTUNITIES & INFORMATION ON CONFERENCE**

---

The scientific committee is pleased to announce that the ASSBI/INS 4<sup>th</sup> Pacific Rim will be held in Auckland, New Zealand from Wednesday 6<sup>th</sup> to Saturday 9<sup>th</sup> July 2011. This meeting is the mid year meeting of the International Neuropsychological Society and also the annual national conference of the Australian Society for the Study of Brain Impairment (ASSBI)

The conference will attract a wide range of attendees from New Zealand, Australia, USA and other overseas countries including the UK, Canada and Asia who work in the field of brain impairment from across the health, community and academic sectors including neuropsychologists, speech pathologists, occupational therapists, physiotherapists, social workers, rehabilitation physicians, psychiatrists, legal practitioners, case managers and community-based disability workers.

The 2011 program entitled "The Social Brain" will involve a broad range of presentations through workshops and platform presentations from both invited international and national speakers as well as submitted abstracts which will explore the **total spectrum** of brain impairment, from basic neurosciences research through to the role and contribution of medical and allied health professions to brain injury rehabilitation and long-term support.

The conference is offering a number of sponsorship opportunities from interested organisations or individuals. These are set out below.

We are hoping to eclipse the last ASSBI/INS Meeting in 2004 which attracted 515 delegates.
